Subject: Renewal of Solid Waste Permit
Louisiana-Pacific Corporation - Roaring River Facility
Permit No. 97-03

Dear Mr. Gaither:

On December 28, 2014, the Louisiana Pacific (LP) solid waste landfill operating permit will expire. Per the requirement in Attachment 3, Part 1, item 1, the request to renew the permit must be submitted by July 28, 2014. This letter is LP's request to renew its landfill operating permit.

No changes are necessary to the waste analysis and acceptance plan, the landfill operation and maintenance plan, or the landfill closure cost estimates and post closure cost estimates. These plans including the financial instrument supporting the closure plan were reviewed as part of the recent landfill expansion and are current.

If you have questions or require additional information, please contact the plant ESH Manager, Roy Hart at 336-696-3464.
